

Colwall Village Hall
Mill Lane
Colwall
WR13 6EQ

26/03/2014

At a recent meeting of Colwall Village Hall Management Committee the Colwall Parish Neighbourhood Plan was mentioned. Concern was expressed regarding the effect on the Village Hall of any housing development on Mill Lane in the field adjacent to the Village Hall . The committee fears that residents of this new housing development, should it occur, may take exception to the normal activities of the Village Hall and its users and try to curtail use of the Village Hall in some way. The committee has in mind noise from normal activities, particularly music events and wedding receptions, and normal activity in the car park after late night events.

There is also the possibility of a loss of extra parking in the field which at the present time the owner allows for special events.

The extension of the car park is a long-time aspiration of the Village Hall development.

The Village Hall Management Committee therefore requests that our concerns are added to the Neighbourhood Plan Consultation.

Chairman
Colwall Management Committee
