I am would like to see some more housing in the village for young families, however I think the designation of land adjoining Brook House and Brookmill Close is wrong due to the frequent flooding in this area. I think next to the village hall would be a better place to develop.

The area needs more small businesses so these should be encouraged if possible, especially if working from home.

I would like to see ball games permitted next to the library such as netball or tennis so there is more choice for young girls in particular. It's all football and cricket.

The bridge over the railway by the elms is very ugly. Could it be turned in to a mural with involvement of the community?

It would be good to have a compost toilet available for walkers perhaps in the Charlie Ballard Nature reserve.

The Colwall Village Garden and Orchard Group, which I support, are a great asset to the community and have achieved an amazing amount since they were formed, saving historic traditional orchards and valuable habitats.

I appreciate having the Post Office, shops, pubs, pharmacy, cafe, surgery, hall, churches, bus and train service as well as the fantastic schools, footpaths and outstanding natural beauty. It is a very blessed village. It's a privileged to live here.
